

ZING!

Development Strategies

What we do

Vertical Development

Land Development

Municipal Projects

Activity Map

Real estate development is part know-how, part relationship. Zing! Development Strategies applies its considerable talents in both areas to create insightful solutions for developers, investors, economic development agencies, and municipalities.

For more than 20 years, we've been moving projects forward through:

- Project management
- Development strategy
- Land planning
- Contract negotiations
- Risk management
- Market research/positioning
- Community outreach
